# STRIVING FOR A SUSTAINABLE FUTURE

# GENAN COATED TOP LAYER

For top layer surfacing for playgrounds, running tracks, pavements, bike lanes or the like, Genan offers colour-coated granulates:  
**GENAN COATED TOP LAYER.**

**GENAN COATED TOP LAYER** is a competitive, colour-coated alternative to traditional EPDM or TPV top layers - and comes in six different colours:

**NATURE GREEN, OCEAN BLUE, CARIBBEAN BLUE, CRIMSON RED, VIOLET and EARTH BROWN.**

**GENAN COATED TOP LAYER** is based on **GENAN COARSE** granulate - with granule sizes between 2.0 and 4.0 mm.
